DIGITAL DESIGN PROFILE

Digital Design is a Russia-based software development company specializing in software development and outsourcing. Since its inception in 1992, Digital Design has assembled a team of over 200 dedicated professionals, with an unparalleled on-time and on-budget software delivery record. Digital Design is both ISO 9001 and CMMI Level 3 certified, with over 170 individual professional certifications from Microsoft, Project Management Institute, IBM, HP, Cisco, Oracle and Novell.

Digital Design is the first software company in Russia to be ISO 9001 certified and to achieve CMMI Level 3, as well as the first one to receive the National Quality Award from the Russian Government.

Among Digital Design customers are the companies from Fortune 1000 list including Microsoft and International Paper (USA). There're medium to large size corporations in information technology, telecommunications, transportation, forest & paper, manufacturing business and other. Digital Design has custom solutions and services, as well as proprietary products in its portfolio.
